Of you could go any place in the world where would it be , for some people it may be another state. Many people like to go to different continents, like asia or Eurape. The place of wold like to go is the bottom of the ocean floor. The ocean floor is very exciting to me. The ocean floor has a darkish blue calor of water I would like to see the different fish and shorks are stuff like that are living an the ocean floor. and I would also like to see the Titanie that is an the ocean blass and everything When I would like to go there would have to be in about 20 years when I have a job. I would take about Son 6 friends with me to the ocean floor. and hopefully the would come with me to the ocean How I would get there would be by a submarine. The lest submarine world. One that can go very for down. e submarine would have to be big enough for me and my friends ch bet year are wondering why I picked this topic at was because a have never been to the ocean one time. Is have never even felt the accan mater
